

ACCESS STATEMENTS

Great Nash House

Great Nash House is accessible by its own private tarmacadam driveway with enough parking for up to 6 vehicles on a gently sloping yard in front of the house. There is no local public transport nearby and the nearest bus stop would be at least one miles walk away and the nearest train station at Haverfordwest, 5 miles away.

As a self catering property there is no collection service available and no portorage service. We are however more than happy to help out in any way we can should you need any extra assistance with this sort of thing by request. We provide stairgates, cots, high chairs on request and we can assist with taking delivery of any mobility vehicles or food deliveries in advance.

The main entrance is accessible by one low step on a path and then a step into the main door. There is a wide shallow step up from the main living room to the kitchen and this is well highlighted, otherwise the ground floor is all on one level throughout.

Both stairways have small landings halfway up and full banisters to the top.

There is a downstairs twin bedroom and one downstairs toilet. There are two upstairs toilets, two large showers (one with a support handle) and one upstairs bath. There are two steps down into the bathroom with the bath which can be tricky to negotiate for those less confident of their footing.

The property is well lit inside and out, there are a number of night lights plugged in the house at strategic spots. The mobile phone network is good and wifi is available. We have not especially adapted the house for wheelchair users

Service Dogs are welcome to stay at the property free of charge.

Nash Fields Cottage

Nash Fields Cottage is accessible by its own private 150m gravel driveway with enough parking for up to 4 vehicles on a gravel yard in front of the house. There is no local public transport nearby and the nearest bus stop would be at least one miles walk away and the nearest train station at Haverfordwest, 5 miles away.

As a self catering property there is no collection service available and no portage service. We are however more than happy to help out in any way we can should you need any extra assistance with this sort of thing by request. We provide stairgates, cots, high chairs on request and we can assist with taking delivery of any mobility vehicles or food deliveries in advance.

The main entrance is accessible by two steps down to the cottage frontage on a path and then a step into the main door. This could be tricky to negotiate for those not so confident of their footing. There is an alternative front door which only requires two small steps into the dwelling.

There is one straight stairway with a banister.

There is a downstairs twin bedroom and one downstairs toilet and shower which is all on one level. There are two ensuite upstairs toilets, one shower and one upstairs bath. Both require stepping down into on reasonable size tiled steps.

The property is well lit inside and out. The mobile phone network is good and wifi is available.

We have not specially adapted the house for wheelchair users

Service Dogs are welcome to stay at the property free of charge.
